Notes from Administration

Thank you for all of your support this school year. Can you believe it is already October? We have lots of great events planned this month. We appreciate all of your support in our BoosterThon fundraiser. Please see the following ways to support Unity Day and Red Ribbon Week this month. These events help support our school in many different ways.

Teach In is a wonderful day that our district sets aside to welcome parents and community members to teach our students about your career, hobbies, travels and interest. Please see the attached documents if you would like to be a part of our 2018 Teach In event.

Last week your child brought home a Software permission form. We would like you to review the Web Site policies and procedures on the Sabal Point website. In order for students to participate in the online programs listed a signed permission form is required for all students. I have attached the form for your review.

Thank you for all of your support. We can't wait to see you at our upcoming events!

Dear Parent(s),

Sabal Point Elementary students & teachers use a multitude of online tools to engage students and inspire learning. Due to the age of our students, we wanted to make you aware of federal laws and regulations that apply to the use of technology to support classroom instruction and obtain parental permission for your child to use these resources.

Please take a moment to review the academic Web site Privacy Policies on the Sabal Point website. After reviewing these sites, please sign and return this form to your child's teacher. This will serve as permission for your student to have access to the sites listed on the Sabal Point website as well as your permission for us to upload your student's information into the application, if needed. We may add online tools to this list during the course of the year. When new online tools are added, parents will be notified through email.

COPPA

In order for students to use these programs/services, certain personal information must be provided to the web site operator. Under the Children's Online Privacy Protection Act (COPPA), these websites must provide parental notification and obtain parental consent before collecting personal information from children under the age of 13. SEMINOLE COUNTY TEACH-IN 2018

Parents, community members, and friends of Sabal Point Elementary School, make plans now to be a part of Teach-In on Tuesday, November 13. We are looking for volunteers to teach at least one class in this community-wide effort. Teach-In is a perfect opportunity for parents, business leaders and community members to let students know we care about them. It is simple – join us on Tuesday, November 13 and teach a class or two – whatever your schedule permits. Teach-In highlights the importance of bringing together teachers, school staff, parents, students and communities in a unified effort to build great public schools. We will do our part by giving you some suggestions to prepare you for this volunteer experience with an informative Teach-In Volunteer Guide. Call the school office at 407 320-3091 on weekdays, during the hours of 8-4 or register for Teach-In 2018 online at www.scps.k12.fl.us. You will not regret your decision to be a volunteer teacher during Teach-In 2018. We cannot wait to hear from you!
